June	Executive Meeting	Form the HP Program Committee and finalize all documents and details about the High Performance Program	Most documents are done but not translated and the set up of that section on our website is in progress.	Nov 11th 2014	All documents have to be in English and French and on a protected section of our website before the end of July 2014 Not yet posted on our website but will be soon.
April To August	BTE Development of Tools and Material BTE Pilot Planning	All BTE Material have to be ready for August BTE Pilot Training Camp All needed arrangements for the BTE Pilot	Started but long way to go Most material and set up of the BTE Training Camp was completed before the event and the week	Jun. 21st 2014 Nov. 11th 2014	BTE Developer contracted and on task to get all ready for August 24th. May need some help to do all documents in French and English at the same time Sunday Aug. 24th, we had a welcoming BBQ for the BTE Candidates but also for the National Teams Athletes and Coaches we had about 60 guest and it went smoothly. The BTE Training Camp the next 5 days was a hit. All candidates were happy and learned a lot.

September	Conference Call HP Committee	Get all National Teams in Motion and on the right track	Great Second Conference call with all 3 National Team Coaches and HP Director	Oct. 1st 2014	First Conference call with National Team Coaches was done in July 2014. It went ok, it needed a bit of getting to know each other before we got anything done. Second Conference call with National Team Coaches went much better and mainly talked about their NCCP Certification and YTP for their Teams. We also talked about the up coming Testing (the next Saturday Oct. 4th) and what will be the test and why.
September	National Teams Testing	First Testing will be done at the ETS School of Technology in Montreal, all 3 teams will be invited to come	26 players out of 55 came down to Montreal for the First National Teams Testing. Results and Test used can be found in a separate document, but we can be proud of our athletes they are in very good shape.	Oct. 4th, 2014	Danny De Courval (Athlete from the Pogos) works at the ETS and offered to do the testing there for almost free (He asked to have the ETS Logo on our website for compensation) The next testing will take place in February or March 2015 at the same venue. We did not have ice for the first testing and we think it would be best if we had but will try to have ice time for the second testing.
November	World Broomball Championships Japan	National Teams Men Women and Mixed Teams travel and compete in The World Broomball Championships	For now only the Broomshak Mixed Team is travelling to Worlds (8 players self-founded their travelling to Japan) Mixed Team Won World Championship (Not all Broomshak Team members participated at World because it was self-founded)	Nov. 11th 2014	We should have a jacket or Jersey for that team and some kind of clothing for all National Team Athletes Jackets were made and given to all participating National Team athletes for World. (Jackets had the Canada Wordmark on the right sleeve) Pictures were taken. Some athletes from the Men's and Women's Team also went to Japan to compete with other teams and or in a different category i.e. Amélie Couture Women's Team and Yan Marineau Men's Team both played with a Mixed Team.
December	BTE Development and HP Meeting	First weekend in Dec we will meet in Ottawa to finish all BTE tasks to get conditional approval before March 2015 and to report on all activities of first year of Broomball High Performance Program	This meeting is for now not possible, may be a conference call will take place instead (2014-11-11)	Nov. 11th 2014	To be confirmed!
